Worldwide Summary – According to Resources

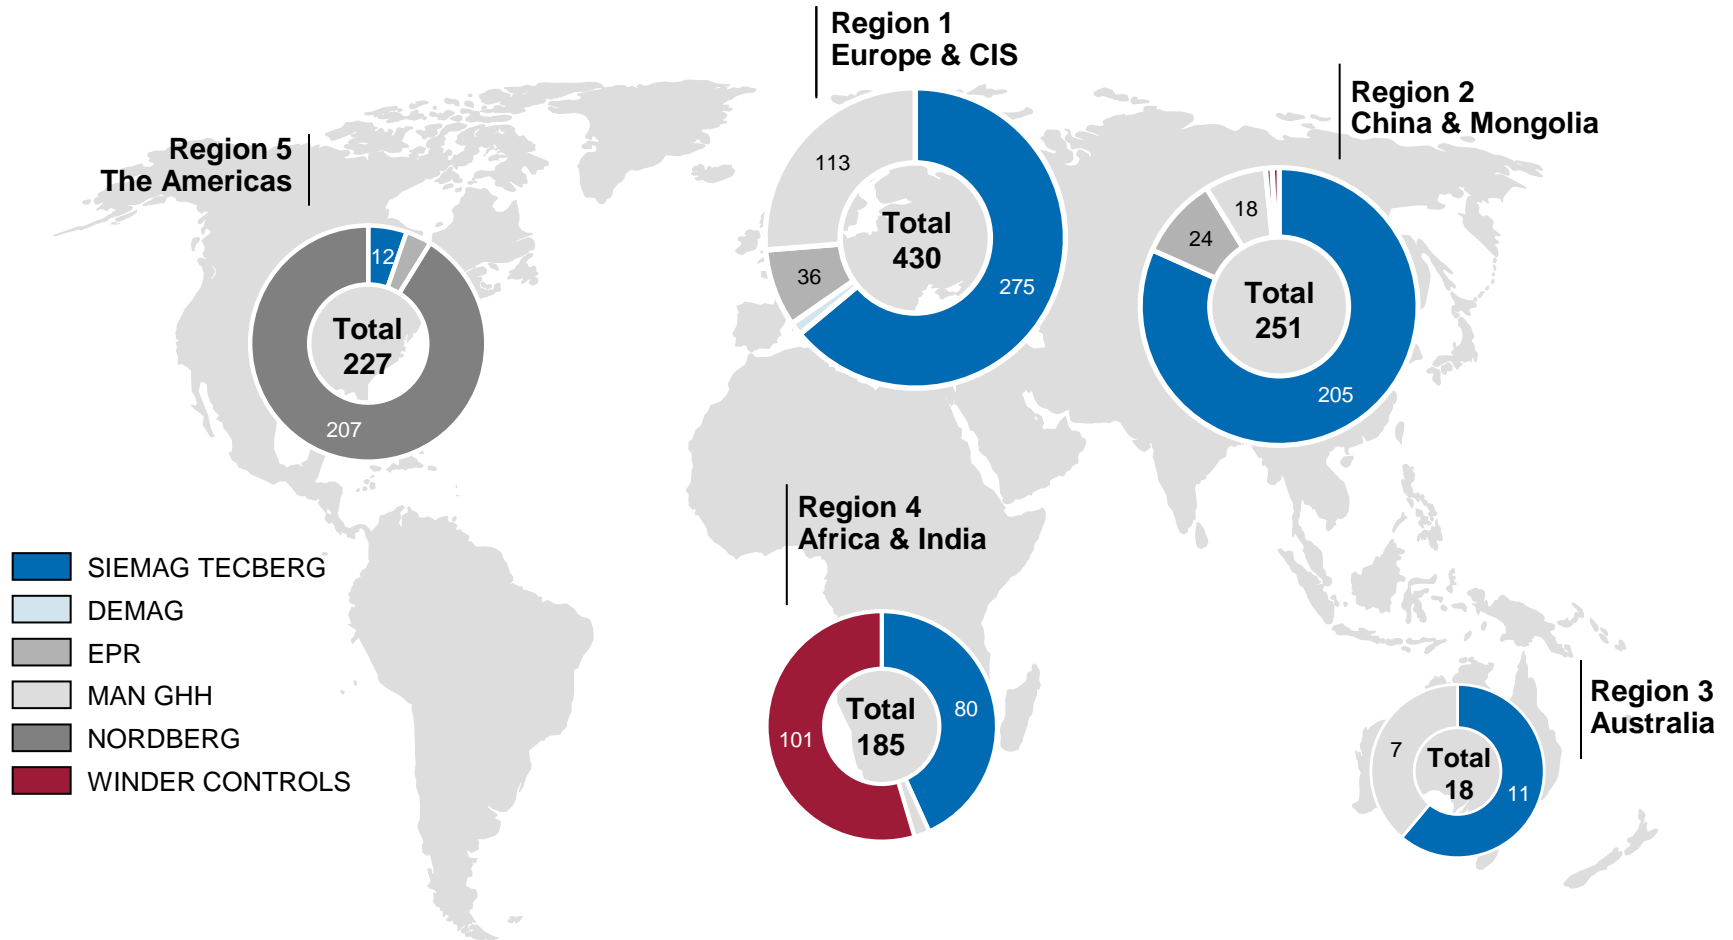

Worldwide Summary – According to Brands

1. Shaft Hoisting Systems
2. Safety Devices (Safety Arrestors, Brake Systems)
3. Rope Sheaves
4. Rope Handling Devices
5. Koepe Winders
6. Drum Winders
7. Positioning, Loading & Unloading, Logistics
8. Underground Cooling Systems
9. Automation & Drives (Safety Relevant Systems, Winder Control Systems, Drives)

Worldwide References Summary – According to Brands

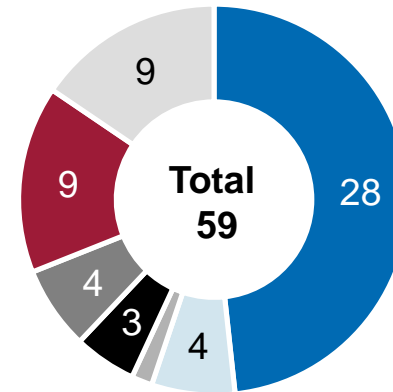

1. Shaft Hoisting Systems

References by Regions

- Region 1: Europe & CIS
- Region 2: China & Mongolia
- Region 3: Australia
- Region 4: Africa & India
- Region 5: Americas

References by Resources

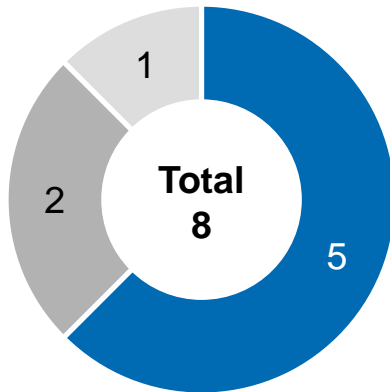

- Coal
- Copper
- Gold
- Nickel
- Potash
- Iron Ore
- Platinum Group Metals
- Other

2. Safety Devices

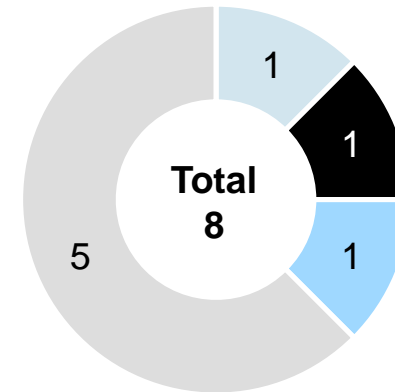

2.1 Safety Arrestors

References by Regions

- Region 1: Europe & CIS
- Region 2: China & Mongolia
- Region 3: Australia
- Region 4: Africa & India
- Region 5: Americas

References by Resources

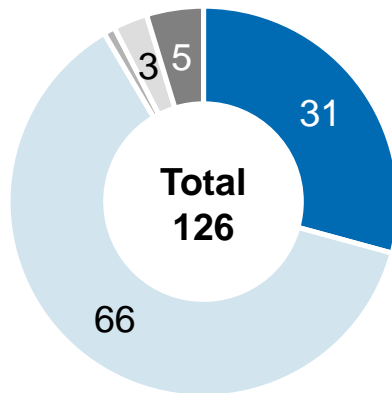

- Coal
- Copper
- Gold
- Nickel
- Potash
- Iron Ore
- Platinum Group Metals
- Other

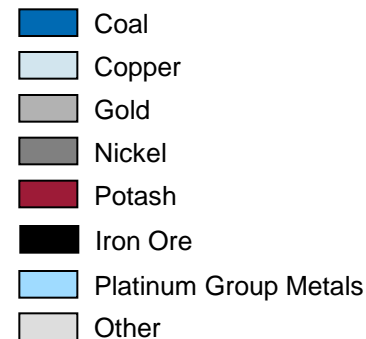

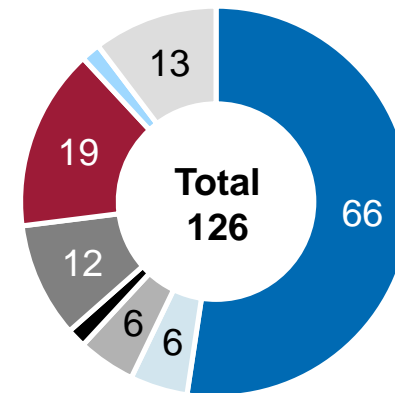

2. Safety Devices

2.3.1 Fully Closed-Loop Control Brake Systems

References by Regions

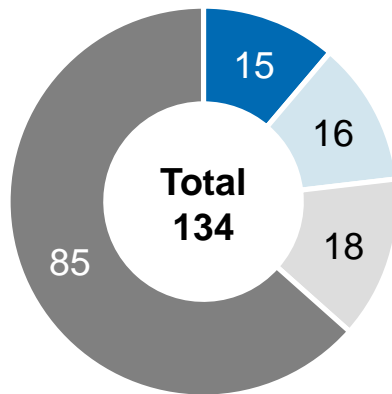

References by Resources

2. Safety Devices

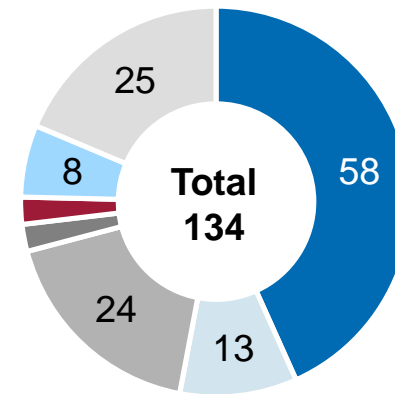

2.3.2 Residual Pressure Brake Systems

References by Regions

- Region 1: Europe & CIS
- Region 2: China & Mongolia
- Region 3: Australia
- Region 4: Africa & India
- Region 5: Americas

References by Resources

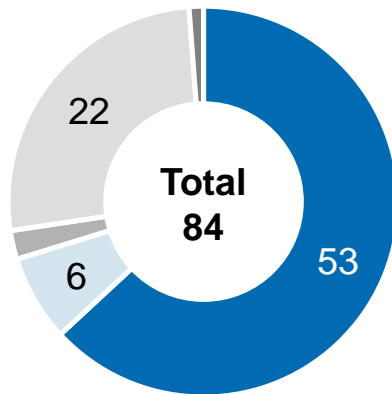

- Coal
- Copper
- Gold
- Nickel
- Potash
- Iron Ore
- Platinum Group Metals
- Other

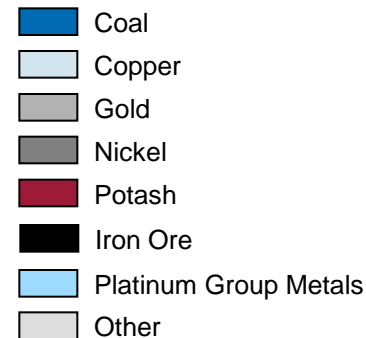

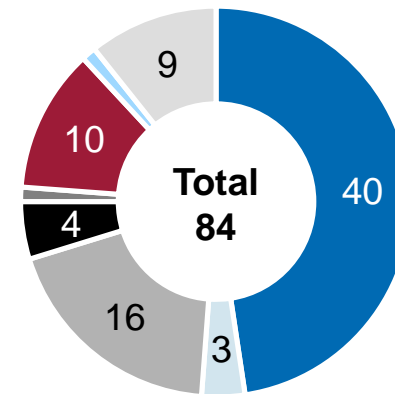

2. Safety Devices

2.3.3 Special Versions of Brake Systems

References by Regions

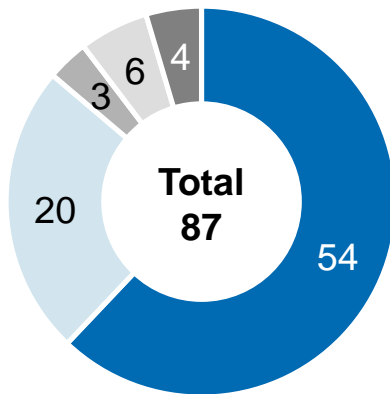

References by Resources

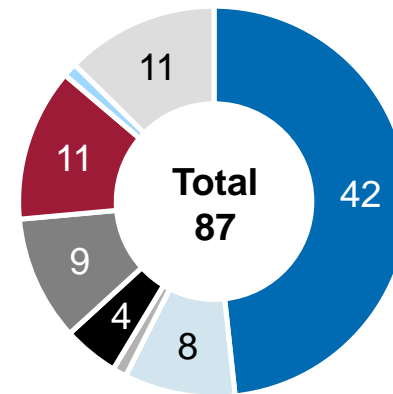

3. Rope Sheaves

References by Regions

- Region 1: Europe & CIS
- Region 2: China & Mongolia
- Region 3: Australia
- Region 4: Africa & India
- Region 5: Americas

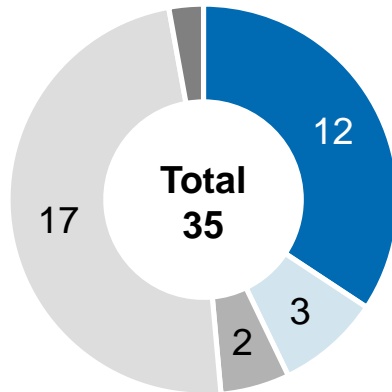

References by Resources

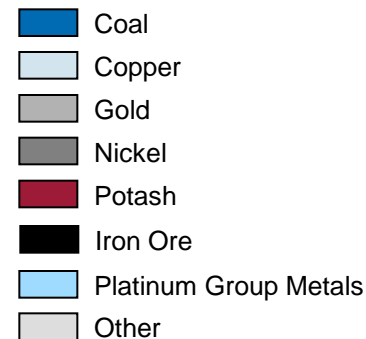

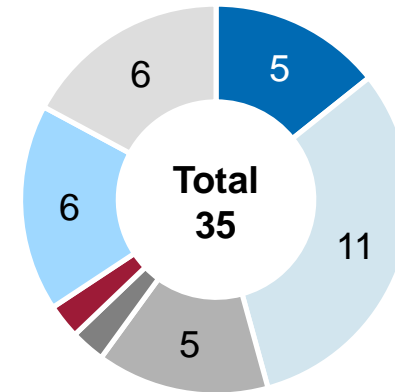

- Coal
- Copper
- Gold
- Nickel
- Potash
- Iron Ore
- Platinum Group Metals
- Other

4. Rope Handling Devices
